WALL · SLIDE-IN

GRID

6 cars · ₹799

TABLETOP · FOLDING

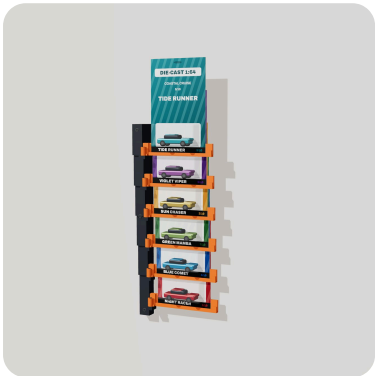

PODIUM

3, 5 or 6 cars · from ₹499

THE RANGE

Keep them carded. Show them off.

Most collectors keep their best cars carded, then hide them in boxes or crush them on peg hooks. PITLANE racks show the whole card: each row steps forward, so every car and every name stays in view. Every rack is 3D-printed in India for standard 1:64 blister cards, with nothing to glue and nothing to lose.

WALL · PREMIUM
GARAGE

Each card has its own swing-out door. Swing it out, swap the card, swing it shut.

₹999 ~~₹1,100~~

launch offer · 6 cars

WALL · BEST VALUE
GRID

One solid piece with a lane for every card. Slide the card in from the side until it stops.

₹799

6 cars · just ₹133 per car

DESK & SHELF · GIFT
PODIUM

A folding desk stand. Flip out the leg, slide the cards in, then fold it flat to store it.

₹499

from · 3, 5 or 6 cars

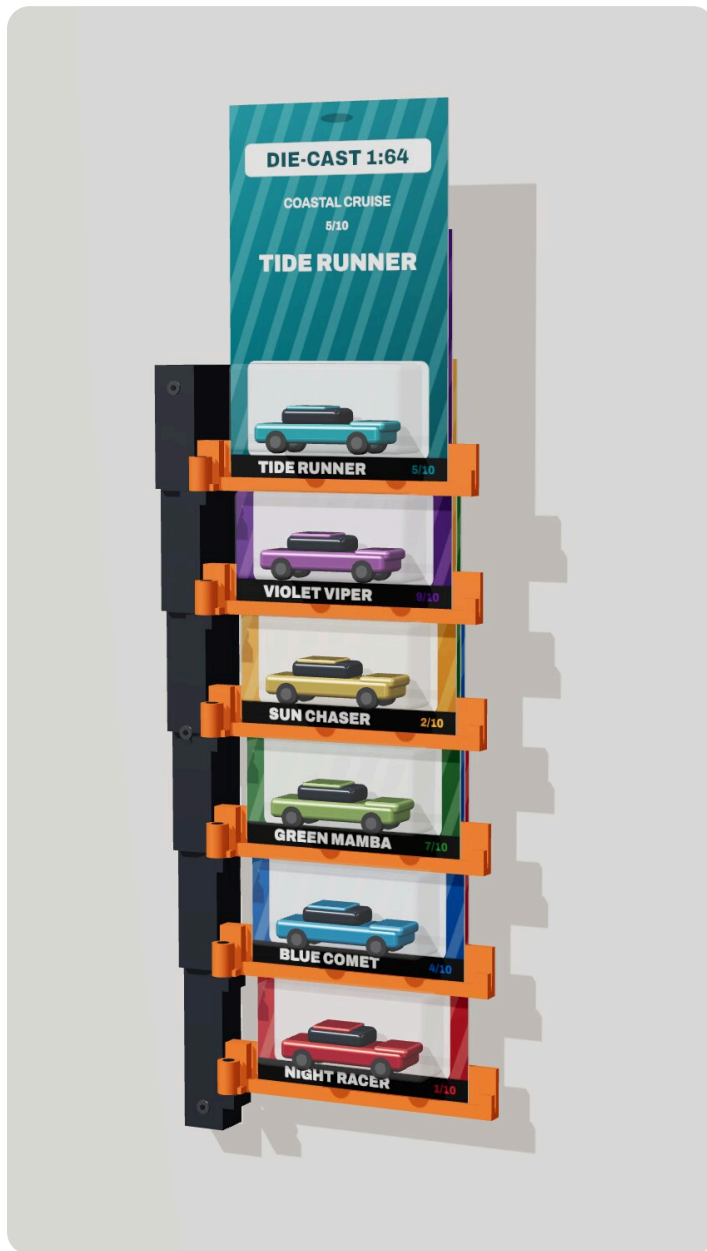

Which one is right for you?

IF YOU...	CHOOSE	WHY
swap cars often and want a wall feature	GARAGE	Every card has its own door, so you never unhook the others. Ledges lift off for cleaning.
want the most cars on the wall for the money	GRID	One piece with no moving parts, at ₹133 per car. Needs about 11 cm of free wall on its open side.
have no wall to drill, or are buying a gift	PODIUM	Stands on a desk or shelf, folds flat to 31–45 mm and ships in a slim box.
want a 12-car centrepiece	GARAGE / GRID Twin	A right rack and a mirrored left rack hang back to back as one symmetric feature.

WALL RACK · SWING-OUT · 6 CARS

GARAGE

Every card gets its own door.

- **Grab one, leave the rest**
With peg hooks you unhook the front cards first. On GARAGE, each card swings out on its own door.
- **Every name stays readable**
The rows step out 4.6 mm, and a low front lip keeps each card's name clear.
- **Nothing falls off**
The wall mount is one solid piece with the pins built in. There are no clips to come loose.
- **Lift-off ledges**
Lift any ledge 15.5 mm off its pin to clean it, or swap in a spare in a new colour.
- **Right- or left-hand**
Hang one of each back to back for a 12-car Twin.

Capacity	6 carded cars	Wall mount	350 × 20 mm
Ledges	6, on Ø5 mm pins	Door swing	closed stop → 135°
Row pitch	55 mm, 4.6 mm step	Fixing	3 screws + plugs incl.
Hand	right or left	Material	PLA+ / PETG

LAUNCH OFFER ₹999 ~~₹1,199~~

GARAGE Twin (12 cars, right + left): ₹2,199
Spare ledge ₹99 · 3 for ₹249

Swing out. Swap. Swing shut.

HOW IT WORKS · GARAGE

Swing out, swap the card, swing shut

2 Lift the card out
drop the next one in

1 Swing out
opens to 135°, closed has a stop

3 Others stay put
no unhooking the cards in front

1 Swing the door out

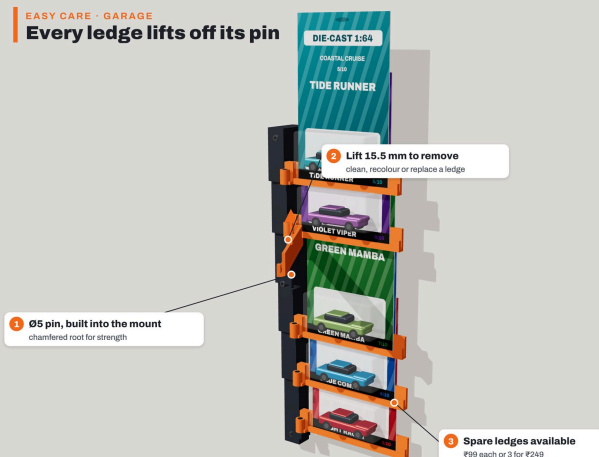

2 Swap the card

3 Swing it shut

1 · Swap a card. Swing the door out (it opens to 135°), lift the card out and drop the next one in. The other five never move.

EASY CARE · GARAGE

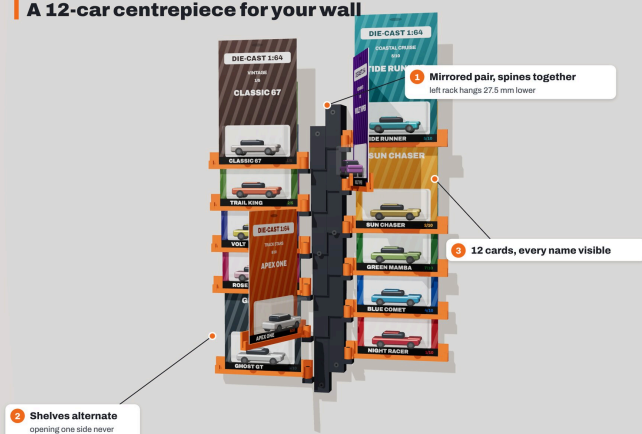

Every ledge lifts off its pin

2 · Lift-off ledges. Each ledge sits on a Ø5 mm pin. Lift it 15.5 mm to take it off for cleaning or to swap in a spare.

GARAGE TWIN · RIGHT + LEFT

A 12-car centrepiece for your wall

3 · Make it a Twin. A mirrored left rack hangs 27.5 mm lower, so the shelves alternate and both sides open freely.

GRID

A lane for every card. Line them up.

- One piece, no moving parts
The whole rack is a single print, so there is nothing to wear out or lose.
- Slide in, slide out
Push a card into its 1.8 mm slot from the open end until it meets the solid end stop.
- Every name in view
Rows step forward like roof tiles, so you see each car and each name.
- The most cars for your money
6 cars for ₹799 works out to ₹133 a car. A typical 4-car wall case costs ₹1,658 or more.
- Right- or left-hand
Pick the side that loads best on your wall, or hang both as a Twin.

Capacity	6 carded cars	Size	350 × 136 mm
Card slot	1.8 mm	Row pitch	55 mm, 4.6 mm step
Free wall needed	~11 cm, open side	Fixing	3 screws + plugs incl.
Hand	right or left	Material	PLA+ / PETG

BEST VALUE

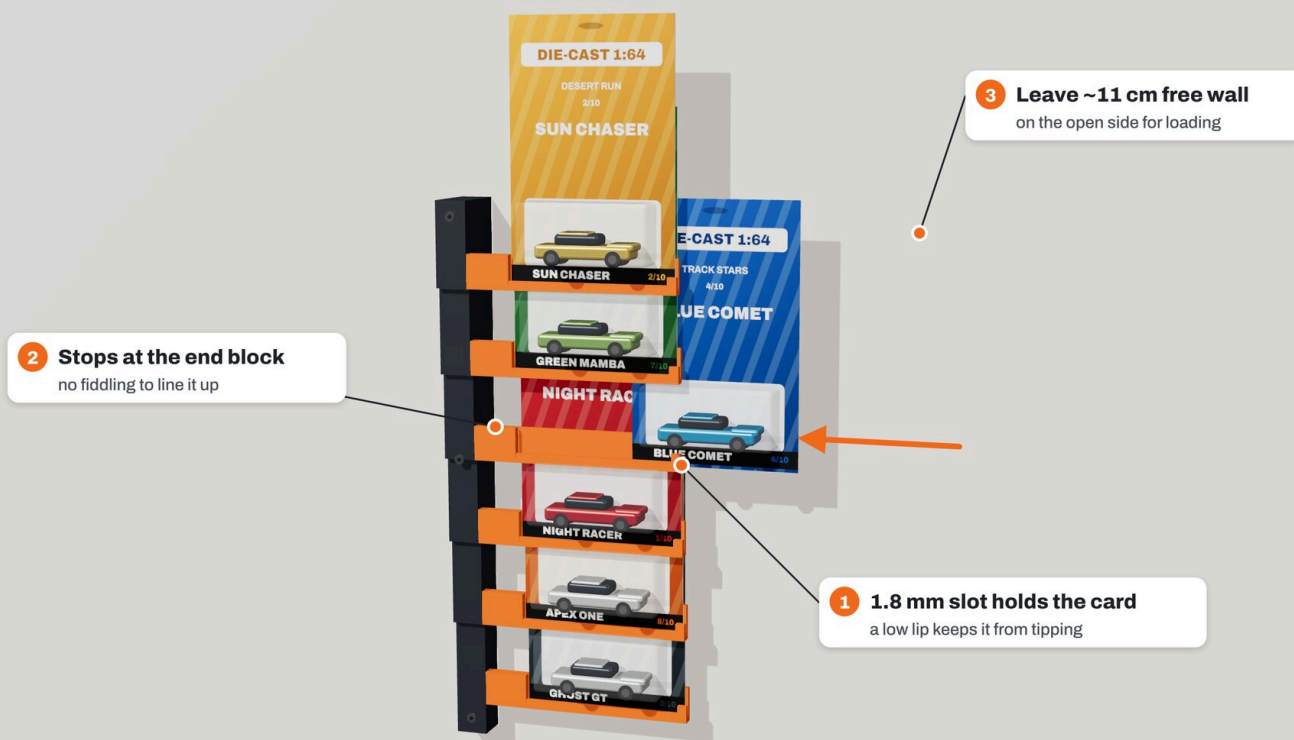

₹799

GRID Twin (12 cars, right + left): ₹1,449

Hang it. Slide it in. Done.

HOW IT WORKS · GRID

Slide in from the side until it stops

1 Hang it with 3 screws

2 Slide the card in

3 Slide it out the same way

1 · Load from the side. The card slides along its 1.8 mm slot and stops at the end block, already lined up. It slides out the same way.

WHY IT SHOWS BETTER · GRID

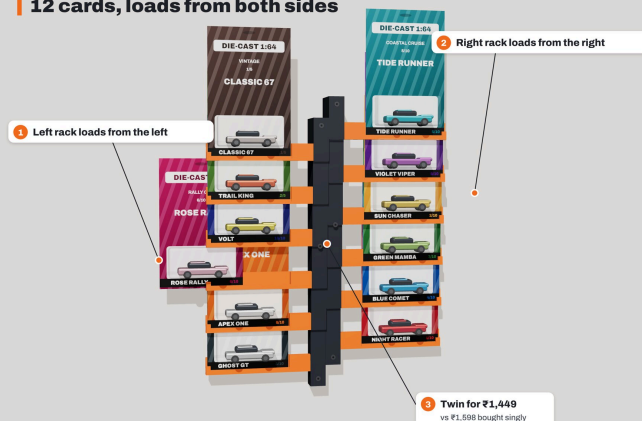

Stepped rows, every name readable

2 · Stepped rows. Rows are 55 mm apart and each steps 4.6 mm forward, so the name strip on every card stays clear.

GRID TWIN · RIGHT + LEFT

12 cards, loads from both sides

3 · GRID Twin. One rack loads from the right and the other from the left: 12 cards for ₹1,449.

TABLETOP STAND · FOLDING · 3, 5 OR 6 CARS

PODIUM

Stands up in one flip. Folds flat for the shelf or the post.

- Shows the card, not the rack

There is no back panel. The cards overlap like roof tiles, so the whole card and its art stay visible.
- Stands up, folds flat

The leg stops at 35° for a stable lean. Folded, the stand is just 31–45 mm thick.
- Swap a car in three seconds

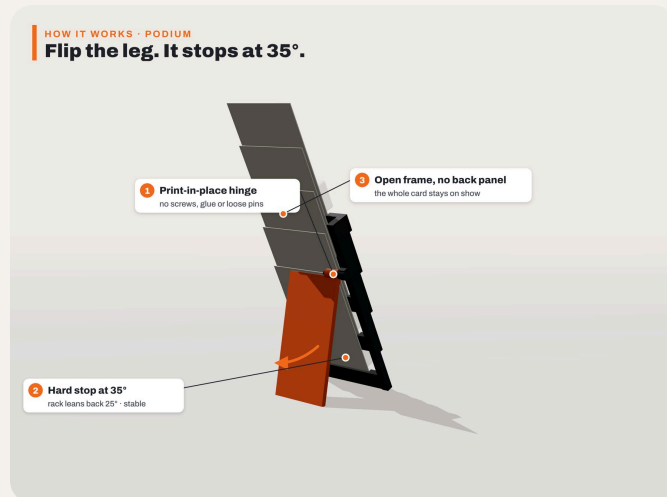

Slide a card in from the open end until it stops. You never pick the stand up.
- One part, nothing to assemble

The hinge prints already working, with no screws, glue or loose pins.

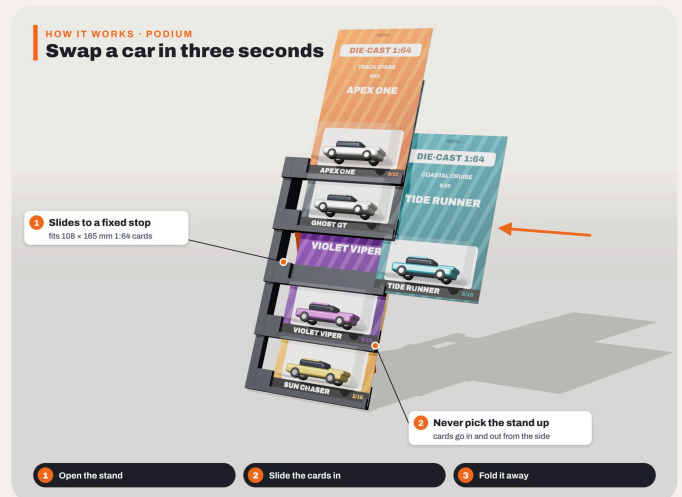

MODEL	CARDS	SIZE OPEN (W × D × H)	LEAN	WEIGHT	PRICE
PODIUM 3	3	136 × 83 × 126 mm	27.5°	103 g	₹499
PODIUM 5	5	136 × 116 × 231 mm	25.0°	178 g	₹649
PODIUM 6	6	136 × 131 × 284 mm	24.5°	207 g	₹749
PODIUM Duo (3 + 5)	8	both of the above	–	281 g	₹949

Heights exclude the cards; the top card stands about 145 mm above the rack. Prices include 18% GST. Fits standard 108 × 165 mm carded 1:64 blisters.

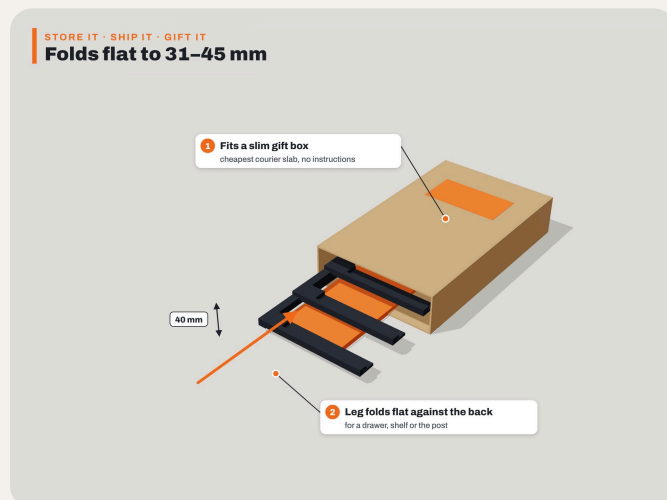

Open it. Load it. Fold it away.

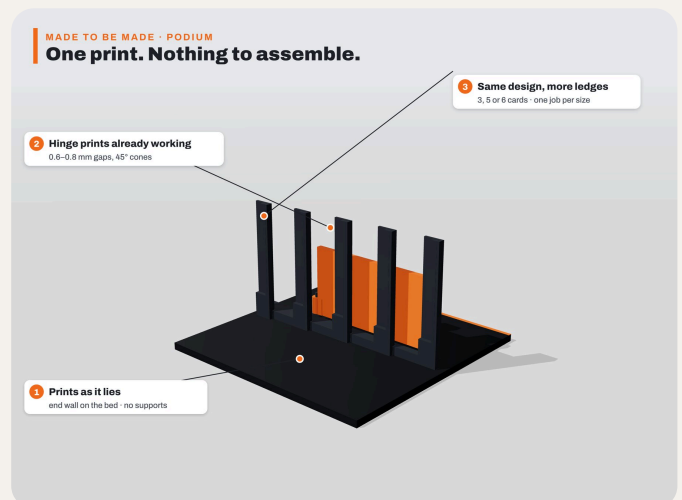

1 · Flip the leg. It swings from flat to a hard stop at 35°. The rack's own weight keeps it shut, so there is nothing to adjust or slip.

2 · Slide the cards in. Each card goes in from the open end and stops at exactly 108 mm. It slides out the same way.

3 · Fold it away. Folded flat it is 31–45 mm thick: ready for a drawer, a shelf, a gift box and the courier.

Made in one piece. It prints in one go, hinge included, with no supports. There is nothing to sand or assemble.

**21°
+**

Stable when fully loaded. Even the tallest PODIUM 6 must tip at least 21.5° forward, 14.6° backward and 12.5° sideways before it falls. It survives a nudge on a desk or shelf.

WHY PITLANE

Made for carded cars, not loose ones

TYPICAL OPTION	USUAL PRICE	THE CATCH	PITLANE
Static card hooks	₹277–302	Cards hang flat, one behind another. You unhook the front ones first.	Stepped rows, so every name shows. Each card is on its own.
Wall stands for loose cars	₹550–1,690	Built for loose cars, so your carded collection doesn't fit.	Made for the card and blister.
Modular wall case	₹1,658+ for 4	About ₹415 per car.	GRID costs ₹133 per car.
3D-printed 5-card stand	~₹1,500	A fixed stand that takes up shelf space.	PODIUM 5 costs ₹649 and folds flat.

Typical online prices in India, Oct 2026.

FIT & CARE

Will my cars fit?

Standard 1:64 mainline cards

Cards of about 105–108 × 165 mm, with a blister up to 42 mm deep. That covers most mainline cards from the popular brands.

Tall cards stand proud

The top card stands above the rack, about 145 mm on PODIUM. Leave that headroom on a shelf.

Easy on your wall

3 screws and wall plugs come in the box. GRID needs about 11 cm of free wall on its open side for loading.

Treat the hinges kindly

Don't force a GARAGE door past 135°. If a pin ever snaps, spare ledges and wall mounts are available.
