

DESIGN 09 OF 10

ERGO-CONTOUR

A palm swell, four finger flutes and a thumb rest shaped for the hand.

THE DESIGN

A smooth grip shaped for the hand rather than textured: an hourglass swell, a raised palm pad on the back, four finger flutes and a thumb dish on the front. There is no sharp edge anywhere on the surface.

THE HANDLE

A slim sleeve that slides over your paddle handle: closed at the butt, open at the throat, 132.8 mm long and cut to the exact 32.06 × 26.04 mm bore of the reference handle. The fit is identical on all ten designs, so you can swap textures freely. A smooth collar at each end keeps the edges kind to your hand.

DESIGN INSPIRATION

A pebble worn smooth by a river, and the cast of a relaxed hand. Instead of texture it offers shape: rests where the fingers fall, and a swell where the palm sits.

WHY IT GRIPS

- Four finger flutes at 44, 58, 72 and 86 mm
- Thumb dish near 97 mm, palm pad near 62 mm
- Hourglass swell 1.73–2.33 mm, peaking near 2.8 mm

PRINT TIP

The smoothest surface in the set, so it shows the least layer texture.
